

## ***PADSAC Hog Roast Evening 13<sup>th</sup> June 2009 at the Penarth Yacht Club raises £1300***

The Management Committee of our local Penarth & District Scout Activity Centre held a fund raising hog roast and entertainment evening at Penarth Yacht Club.

With tickets sold out weeks before the event the full house enjoyed the ambience of a summer's evening on Penarth front, entertained by local band The Snorklers. The Snorklers rocked the dance floor by playing covers of favourites from the 70's through to current chart hits. Ian Wilson kindly cooked and served up the deliciously spit roasted hog which was thoroughly enjoyed by all.

Glen Prisk, Chairman PADSAC Management Committee, said "It was a fabulous evening not only for my team but everyone who attended. I thank everyone who attended for supporting our cause and in particular a really big thank you to The Snorklers who entertained us so well and gave their time free in supporting Scouting. Special thanks must also go to Ian Wilson, my son-in-law, who spent many hours cooking and serving the hog which was extremely well appreciated by all during the evening"

Lesley Mullan, a Barclays employee from the Deceased Case Management Team in Cardiff and Treasurer of PADSAC Management Committee organised the event and therefore all monies raised was matched £4£ as part of the Barclays Community Investment Programme. A huge amount of £650 was matched making a grand total of over £1300.

Kathy Brown, Community Manager from Barclays, said, “ At Barclays we strive to strengthen local communities in which we live and work by supporting a range of causes from local schools to centres for older people. This is a fantastic example of Barclay’s staff fundraising with the local community to achieve something which we hope will make a real and lasting difference”.

The funds raised will be put towards a much needed new fence for at the premises.
