

Local Barclays employee raises £750

Lesley Mullan, a Barclays employee and Penarth and District Scout Activity Centre (PADSAC) Committee member, recently organised a quiz night in aid of the refurbishment of the PADSAC. The quiz, which took place on Saturday 15th November, was well supported, resulting in £375 being raised. The monies were matched £4£ as part of the Barclays Community Investment Programme.

Only a few members of the winning team were available for the photo as one of the team members had been given leave to attend by Llandough Hospital where she is currently a patient, but had to return to hospital before the last ward round. Julie, we hope you are feeling better soon.

The monies raised will be used in the near future to purchase equipment for the planned kitchen refurbishment.

Kathy Brown, Community Manager from Barclays, said, " At Barclays we strive to strengthen local communities in which we live and work by supporting a range of causes from local schools to centres for older people. This is a fantastic example of Barclay's staff fundraising with the local community to achieve something which we hope will make a real and lasting difference".

Mr Derrick Musk, Chair of the PADSAC Management Committee, said "Everyone had a very enjoyable evening and through the generosity of the participants, together with Barclays, we once again, raised a fantastic amount of money. The money will assist us in our kitchen refit. The committee would like to thank everyone who attended for their continued support of PADSAC events."

The PADSAC Management Committee would also like to extend their thanks to Barclays for matching all monies raised as part of the £4£ scheme. Due to some major building works being undertaken in the new year there are no plans at the moment for any further quiz nights.
